The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-7 and 18-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. The term "said upper surface" (claim 5, line 3; claim 6, lines 3 and 7; and claim 7, lines 3 and 6) lacks antecedent basis in the claims, and is hence indefinite. Applicant should note that an upper surface for the panel member is first recited in claim 4, not claim 3 (i.e. the parent to claims 5-7). Also, the term "each panel element" (claim 18, line 6) lacks proper antecedent basis, and is hence somewhat indefinite, since claim 18 previously refers to "panel members" not panel elements. Claims 19-21 depend from claim 18, and are therefore also indefinite. Furthermore, Applicant should correct the spelling of "equalised" in line 16 of claim 18 (see claim 26, line 14).

The disclosure is objected to because of the following informalities:

(1) The drawings are objected to because the reference numerals in Figs. 14 through 27 of these drawings are not clearly shown. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." The objection to the drawings will not be held in abeyance.

(2) Bridge element 58 has been incorrectly identified as element "59" in line 12 on page 15 of the specification. Correction is required.

Art Unit: 1724

Claims 1-4 and 26 are allowed. Claims 5-7 and 18-21 would also be allowed if amended to overcome the above rejection under 35 U.S.C. § 112.
